- Windows 10

New Features

This topic briefly lists the new features in this release of the product.

We added these features to Infor Cloud Suit Industrial:

- **Shop Floor:**
 - IDM Integration- IDM is integrated with shop floor using the standard Tech Stack with regards to Mingle in context.
- **General Section:**
 - Transaction/Parameter Export Improvements (Infrastructure): This improved infrastructure allows the delivery of specific new parameters, ensuring that previous parameter settings are retained when a new delivery is made.
 - Parameter extensions (Infrastructure): This feature allows the setting of parameters at a group level, ensuring consistency of parameters settings across FT.
