Introduction

This document describes the corrections and added functions made available in Sprint 2026.02 of the Pathway, ePathway and Pathway Smart Mobile software.

Included in this document are the following sections:

Online Help

This includes an overview of how to access Pathway Help.

Modules

Each module which has undergone modifications is included in this documentation. The related information is now contained in the following documents:

- Infor Pathway Sprint Notes 2026.02.pdf
- Infor Pathway Sprint Notes Summary 2026.02.xlsx

Online Help

Help documents can be accessed from within the Pathway UX Client by using F1 on the keyboard.

This opens User Guide information for the UX page you are on, where it is available.

System - Functionality

Bookmarks

Case: STHL CS0713608
UX Client

Work Item: 66519
ERS:

SEQUENCE BOOKMARKS

Bookmarks now have a Manage button that will load Bookmark Maintenance, enabling bookmarks to be sequenced or deleted.

Lookup

Case: WODO CS1251400
UX Client

Work Item: 67859
ERS:

DISPLAY VALUE

Previously, the following display issues occurred:

- The selection of a value would not be recognised or displayed in the lookup. An example of this was the Resource lookup on the Resource Booking Charge Search Profile in the Bookings module.
- The selected value would not have all its details displayed in the lookup. An example of this was the Word Processing Extract Control in the Word Processing module.

Exception Page

Case:
UX Client

Work Item: 67978
ERS:

SIMPLE EXCEPTION PAGE

Previously when Pathway experienced an exception the Exception Page would display with a lot of information. The Exception Page has been updated to align with the Error Page and will now display a single line to assist in finding the full exception in the log files.

Applications

Fees Enquiry

Case: SYDN CS0877963, SHIL CS1120367 UX Client	Work Item: 62864 ERS:
---	--------------------------

ERROR RELOADING FORM

Fee Enquiry now reloads correctly and does not cause error **Internal Server Error**.

Application Maintenance

Case: SYDN CS1230920, RAND CS1432292 UX Client	Work Item: 67554 ERS:
---	--------------------------

AFFECTED PROPERTIES

Affected Properties processing has been improved so that a larger number of properties can now be Saved at once.

NOTE: If a timeout message appears, close the message and continue as the server will complete processing all the affected property records.

Application Lodgement

Case: UX Client	Work Item: 68067 ERS:
--------------------	--------------------------

APPLICATION LODGEMENT

Previously when the system checked the existing application expiry, an error was displayed when lodging an application for a property with one or more expired applications.

Application Parameters

Case: UX Client	Work Item: 68189 ERS:
--------------------	--------------------------

EXTEND PROCESSING CLOCK REASON MAINTENANCE

The following issues have been corrected in Extend Processing Clock Reason Maintenance:

- The Extension field did not display or allow entry of decimal places. A value with up to two decimal places should have been allowed.
- Changes made to the Maximum Number of Extensions fields would be lost when the Save button was pressed.

Batch Processing

Control Forms

Case: WAI CS0056637, DUNE CS1030547
UX Client

Work Item: 62503
ERS:

CONTROL FORMS

Previously, the message **No End of Calendar Day Scheduling Options have been defined** would be displayed when attempting to submit a job to a batch queue using a Run Type of Monthly. This prevented jobs from being scheduled as monthly.

Customer Service

Request Maintenance

Case: BALL CS0413073
UX Client

Work Item: 64783
ERS:

REQUEST NOTE MAINTENANCE

Previously, when a site was authorised to Add Notes to Log Request Status Changes, adding a Note to a Request following a status change incorrectly defaulted the note type to STSHISTLOG.

Debtors

Council Code Maintenance

Case: UX Client	Work Item: 61789 ERS:
--------------------	--------------------------

COUNCIL CODE MAINTENANCE
COUNCIL CODE REFUND ACCOUNT MAINTENANCE
COUNCIL CODE OVERPAYMENT ACCOUNT MAINTENANCE
COUNCIL CODE SMALL BALANCE ACCOUNT MAINTENANCE

The Debtors >> Parameters >> Council Code Maintenance menu options have been updated to use Pathway UX user interface standards.

Electoral Roll

Election Maintenance

Case:
UX Client

Work Item: 68032
ERS:

EXTRACT CONTROL, MERGE CONTROL, VOTE ASSIGNMENT CONTROL, ELECTORAL ROLL OUTPUT CONTROL

Previously, when a Profile was applied it would always show details of the Election that was being maintained at the time the Profile was created, rather than details of the Election was currently being maintained.

Also, previously a confirmation message that should only be shown when submitting a job could be shown when accessing the Profiles option.

ePathway System

ePathway SSO

Case: BEND CS1287605
UX Client

Work Item: 67598
ERS:

CONFIGURATION

A configuration that is missing one or more required fields will now log the issue within the Audit log and allow ePathway to start without causing ePathway to be unavailable.

ePathway Customer Service Enquiry

Case: TOOW CS1385774
UX Client

Work Item: 67829
ERS:

ALL CUSTOMER SERVICE REQUESTS FOR REGISTERED USERS

When logged into ePathway as a registered user, requests linked to the unregistered ePathway user, commonly known as PUBLIC, were incorrectly available. This has been corrected so that the requests returned by the option Customer Service > Customer Service Enquiry > All Customer Service Requests search are only those related to the name associated with the registered ePathway User Account.

ePathway Cross-Site Scripting (XSS)

Case:
UX Client

Work Item: 68014
ERS:

UPDATED LIBRARY

The library used to sanitise Cross-Site Scripting (XSS) has been updated.

Property Administration

Property Titles

Case: DUNE CS1112499
UX Client

Work Item: 44133
ERS:

TITLE VOLUME AND FOLIO EXTENDED LENGTHS

Some field lengths in Titles (LPATITL) have been extended to cater for larger volume and folio numbers:

- VOLUME (eight characters extended to 15 characters)
- FOLIO (four characters extended to 15 characters)
- FMTTITLE (25 characters extended to 100 characters).

The optional maximum and minimum folio numbers available in Title Prefix (LPATIPF) have also been extended to match.

These changes have a wide-ranging impact where property titles are used across Pathway. This affects all clients (thick, smart and UX). Pathway UX is now the only supported Pathway client.

NOTE: On-premises customers who have GIS or other integration with property titles using direct access to the Pathway database may be affected and possibly require changes in GIS software. It is recommended that you consult with your GIS supplier.

NOTE: This may also affect EDMS integration with or without direct database access or custom reports using third-party tools. Any other integration using direct access to the Pathway database or the Infomart database could also be affected.
